Demo Date: 10/31/2022

Presenter: William Smith

for more information :

https://github.com/makeafide/enviro_learning

Features:

- View/Add/Edit Course(s)
- Access/Submit/Grade Course Details (Announcements, Course Description/Requirements, Modules, Lessons, Assignments, Discussion Forums, Exams, eText, People, Gradebook)
- View interactive calendar (add, edit, or remove deadlines with automatic appearance of course work due dates and capability to add additional user deadlines)
- View Instructor/Peer Profiles
- See Important eNviro Announcements

Profile

Instructors and Students alike can customize their profile to provide insight to other eNviro users such as a profile picture, contact info, a short biography, pronouns, and active class listings. Additionally users can manage their login information here.

Course

Students and instructors can post, assign, update, and access content, assignments, lectures, people, gradebook, discussion forums, etc.

Basic eNviro Access Requirements

- Smart Device (Laptop, Desktop, Tablet)
- Audio & Video Capability
- Stable Internet Connection
- Software (specific to course requirements)
- Office Suite, G Suite, or similar

Learn Anytime, From Anywhere
